#### b. Dividend and Transfer to reserves

The Board has recommended a dividend of ₹ 3/- per share (30% on face value of ₹ 10/-each) for the financial year 2024-25 which is subject to the approval of shareholders at the Annual General Meeting (AGM). The Directors have not recommended any transfer to the reserves.

#### Industry Overview

FY 2024-25 saw a marginal improvement in the performance of the spinning industry. Demand for yarn from the domestic market was stable while export demand continued to be muted. Cotton prices remained stable for most of the year, although there was a drop of around 7% from the closing price of the previous season compared to the opening price of the 2025 season. The Cotton Corporation of India was a major player this year as cotton prices dipped below the MSP. CCI purchased just over 100 lac bales,

accounting for almost one third of the total crop. Despite this quantity being held in the hands of one buyer, there was no dearth of availability as mills were in no hurry to procure given the fact that there was abundant availability globally with Brazil, US, West Africa and Australia all registering bumper crops. Even today, CCI continues to hold around 70 lac bales in stock. Despite maintaining good operating efficiency throughout the year, the profitability of the spinning division improved only marginally compared to the previous year.

Indian textile and apparel exports registered a growth of 6.3% in FY 24-25, increasing to \$ 36.6 Billion. This growth was driven primarily by apparel which grew at 10% while growth in textile exports was 3.6%. Bangladesh continued to be the largest market for Indian yarns while USA was the major market for garments and made ups.

#### Review of operations

During the year under review, your Company had to take the difficult decision to discontinue operations of our spinning unit situated in Hindupur, Andhra Pradesh. Although this unit has been operating since 1983, its performance over the past seven to eight years has not been satisfactory and has resulted in continuous losses. Despite improvements in productivity and yarn realization over the past two years, losses continued to mount, primarily due to high power tariffs and wage costs. Given the situation, this decision was taken keeping in mind the best long term interests of the Company and to ensure the sustainability and viability of the spinning division going forward. The Company has reached an agreement for a full and final settlement with its employees and will utilize some of the machinery and other fixed assets to modernize and strengthen its other spinning units. As part of this plan, the Company will add 8400 spindles in its A unit in Kanjikode, Kerala during the current year.

The technical textile division performed well for the year, aided by good orders and strong operational performance. The planned capacity expansion was held back due to delays in receiving key machinery. The new capacity was commissioned in the fourth quarter and production and quality has stabilized.

The Company registered revenues of ₹ 87,251 lakhs in FY 24-25 compared to ₹ 84,982 lakhs in the previous year FY 23-24. This is the total revenue of the Company of ₹ 98,992 lakhs less the revenues from discontinued operations of the Hindupur unit amounting to ₹ 11,741 lakhs. Comparable figures for the previous year are ₹ 98,791 lakhs and ₹ 13,809 lakhs respectively.

EBITDA earned by the Company was ₹ 11,525 lakhs in FY 24-25 compared to ₹ 7,906 lakhs in FY 23-24. This is the total EBITDA of the Company of ₹ 9,840 lakhs less loss of ₹ 1,685 lakhs from discontinued operations. Comparable figures for the previous year EBITDA was ₹ 7,312 lakhs and loss of ₹ 594 lakhs respectively. Closure expenses incurred in our Hindupur unit including an amount of ₹ 1,119 lakhs towards settlement of employees have been accounted for.

**Outlook for the current year**

The year began with significant uncertainty because of the threat of US tariffs. As expected, all financial markets reacted sharply and were in turmoil due to the higher-than-expected tariffs levied on nearly all countries that supply goods to the US. However, the global outcry and spike in US treasury yields forced the US government to react and they responded by announcing a 90-day hiatus while retaining only a 10% tariff for most goods and countries. Various countries, including India, are now in talks with the US government in the hope of securing trade deals which will keep tariffs in abeyance for the medium and long term. Despite this, there are clear signs that the US economy is headed towards a recession. This is certain to weigh down consumer spending and business sentiment in the US going forward.

FY 25-26 will be a year of consolidation for your Company. The technical textile division will start to derive the additional revenues and benefits of the expanded capacity while the spinning division will benefit from the asset shifting from the Hindupur unit which will bring about a degree of modernization and cost optimization to our spinning operations. A good monsoon and improved rural economic demand will hopefully spur consumer confidence and consumption in the domestic market. Coupled with interest rate cuts on the horizon, this should lead to higher GDP growth in the coming year.

**Personnel**

The Company has been able to continue maintaining cordial relations with its labour force in all its units. The Company has 1608 permanent employees on the roll as on 31<sup>st</sup> March, 2025.

**Internal Control Systems & Risk Management**

The Company has adequate internal control systems to monitor business processes, financial reporting and compliance with applicable Regulations. The systems are periodically reviewed by the Audit Committee of the Board, for identification of deficiencies and necessary timely corrective actions were taken to improve controls at all levels. The committee also reviews the statutory auditors' report, key issues, significant processes and accounting policies.

The Audit Committee of the Board constantly reviews internal control systems and their adequacy, significant risk areas, observations made by the internal auditors on control mechanism and the operations of the Company and recommendations made for corrective action through the internal audit reports. The Directors confirm that the Internal Financial Controls are adequate with respect to the operations of the Company. A report of Statutory Auditors reporting on the adequacy of Internal Financial Controls is annexed with the Auditors Report.

The Company adopted a policy on risk management for identifying and managing risk under section 134(3)(n) of the Companies Act, 2013. The Board identifies and reviews the various elements of risk which the company has to face and has laid out the procedures and measures for mitigating those risks. The elements of risk threatening the company's existence are minimal.

The company does not face any risk other than those that are prevalent in the industry and has taken all possible steps to overcome such risks. The main concerns are volatility in raw material prices and fluctuations in foreign exchange rates. Effective planning in raw material purchase and the ability to pass on raw material price increases to its customers has minimised the risk relating to the volatility in raw material prices.

Foreign exchange fluctuation risk is minimised through proper planning and natural hedging of export receivables and foreign currency borrowings. As a part of the overall risk management strategy, all assets are appropriately insured.

**Number of meetings of the Board**

Details of the number of meetings of the Board and Committees thereof and the attendance particulars of the Directors in such meetings are provided under the Corporate Governance Report.

**Declaration by Independent Directors**

The Independent Directors have submitted their disclosures to the Board confirming that they fulfill the requirements enumerated under Section 149(6) of the Companies Act, 2013 (hereinafter "the Act") and Regulation 25 of The Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**INDEPENDENT AUDITOR'S REPORT**
**To the Members of PRECOT LIMITED**
**Report on the Audit of the Standalone Financial Statements**
**Opinion**

We have audited the accompanying standalone financial statements of **Precot Limited** ("the Company") which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity, the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described

in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

**Emphasis of Matter**

Attention is invited to Note no.38 of the standalone financial statements on the discontinuation of one of the spinning units located at Hindupur, Andhra Pradesh and the consequent presentation of assets, liabilities, and financial performance in the standalone financial statements.

Our opinion is not modified in respect of this matter.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. This matter was addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b><u>Accounting and Disclosure of Discontinued Operations – Closure of Hindupur Spinning Unit</u></b></p> <p>During the year, the Board of Directors at their meeting held on 27<sup>th</sup> February, 2025 have decided to close the operations of the Company's Spinning unit located at Hindupur, Andhra Pradesh, in view of continued operating losses and lack of foreseeable improvement. Accordingly, the results of the unit have been disclosed as discontinued operations in the standalone and consolidated financial statements for the year ended 31<sup>st</sup> March 2025, with the corresponding prior period figures being restated. The related assets and liabilities as at 31<sup>st</sup> March 2025 have been reclassified as non-current assets and liabilities pertaining to a disposal group in line with the requirements of Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations. Comparative figures for these classifications have not been restated.</p> <p>In connection with the closure, the Company has recognized a provision of ₹1,100 lakhs towards employee settlement costs.</p> <p>We have considered this to be a key audit matter due to the judgment required in determining the classification and measurement of discontinued operations and the presentation and disclosure requirements and due to the quantum of provision made towards the labour settlement..</p>	<ul style="list-style-type: none"> <li>• Our audit procedures included the following:-</li> <li>• Evaluated the Company's assessment of the classification of the Hindupur unit as a discontinued operation.</li> <li>• Assessed the methodology and underlying assumptions used by management in estimating the provision for employee settlements and tested the accuracy and completeness of the calculation.</li> <li>• Tested the identification and segregation of the results, assets and liabilities relating to the discontinued operations.</li> <li>• Reviewed the re-presentation and restatement of prior period figures and assessed the adequacy of the related disclosures in the standalone financial statements.</li> </ul>

**Information other than the Standalone Financial Statements and Auditor's Report thereon**

The Company's Management and the Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual Report but does not include the standalone financial statements and our auditor's report thereon.

The other information is expected to be made available to us after the date of this report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, as stated above, which is expected to be received after the date of our audit report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under applicable laws and regulations.

**Management's and Board of Directors' Responsibilities for the Standalone Financial Statements**

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, statement of changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors are also responsible for overseeing the company's financial reporting process.

**Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has

adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in "**Annexure 1**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
  - d. In our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with relevant rules issued thereunder;
  - e. On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of section 164 (2) of the Act;

- f. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, we give our separate report in "**Annexure 2**";
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2021, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations as on 31<sup>st</sup> March 2025 on its financial position in its standalone financial statements - Refer Note 46 to the standalone financial statements;
- (ii) The Company did not have any long-term contracts including derivative contracts for which there were material foreseeable losses;
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31<sup>st</sup> March 2025;
- (iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in note no.60(ii)A to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The management has represented that, to the best of its knowledge and belief, as disclosed in note no.60(ii)B to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that caused us to believe that the representation under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.
- (v) The final dividend proposed with respect to previous year, declared and paid by the company during the year is in compliance with section 123 of the Companies Act 2013 as applicable. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Companies Act 2013 as applicable.
- (vi) (a) The Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software.
- (b) Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.
- (c) Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.
- (C) With respect to the matter to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended;
- In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Companies Act.

**ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT**

**[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Precot Limited on the Standalone Financial Statements for the year ended March 31, 2025]**

In our opinion and to the best of our knowledge and belief, books of account examined by us and according to the information and explanation given to us, we report that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of Intangible assets.

(b) The Company has a regular program of verification of property, plant and equipment, by which all the property, plant and equipment are verified in a phased manner over a period of 2 years. During the year, the property, plant and equipment were verified in accordance with the programme of verification. This periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company except for the details given below:

Description of property	Held in the name of	Gross Carrying Value as on 31 <sup>st</sup> March 2025 (₹ in Lakhs)	Property held since which date	Reasons for not being held in the name of the Company
Freehold Land	Meridian Spintex Limited	1,422.87	01.09.2006	The title deeds are in the name of Meridian Spintex Limited, erstwhile Company that was merged with the Company under Section 391 to 394 of the Companies Act, 1956 in terms of the approval of the Honourable High Court(s) of judicature at Madras vide order dt. 01.09.2006.
Freehold Land	Suprem Textiles Processing Limited	173.10	18.09.2017	The title deeds are in the name of Suprem Textiles Processing Limited that was merged with the Company vide NCLT, Chennai Order Dt. 18.09.2017.
Freehold Land	Multiflora (Floriculture) Private Limited	613.20	18.09.2017	The title deeds are in the name of Multiflora (Floriculture) Private Limited that was merged with the Company vide NCLT, Chennai Order Dt. 18.09.2017.
Freehold Land	Meridian Industries Limited	51.00	01.09.2006	The title deeds are in the name of Meridian Industries Limited, erstwhile Company that was merged with the Company under Section 391 to 394 of the Companies Act, 1956 in terms of the approval of the Honourable High Court(s) of judicature at Madras vide order dt. 01.09.2006.

(d) The Company has not revalued its Property, Plant and Equipment and intangible assets during the year.

(e) There were no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventories, except for goods-in-transit, has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on physical verification between the

physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.

(b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. The quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters.

(iii) The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, paragraph 3 (iii) (a) and 3 (iii) (c) to (f) of the Order are not applicable to the Company.

(b) In our opinion, the investments made during the year are, prima facie, not prejudicial to the Company's interest.

(iv) The Company has complied with the provisions of Section 185 and 186 of the Act, wherever applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public within the provisions of Sections 73 to 76 of the Act and the rules framed there under.

(vi) We have broadly reviewed the books of account maintained by the Company in respect of products where the maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act and the rules framed there under and we are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the same.

(vii) a) The Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including Goods and Services Tax, provident fund, employees state insurance, income tax, duty of customs, cess and any other material statutory dues applicable to it, however, there have been a slight delay in few cases/delays in deposit which have not been serious.

There were no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees state insurance, income tax, duty of customs, cess and other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.

b) The details of statutory dues referred to in sub-clause (a) above which have not been deposited on account of any dispute, are as follows:

- (viii) The Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared a wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has utilized the money raised by way of term loans during the year for the purposes for which they were raised.
- (d) The funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. The Company does not hold any investment in any associate companies or joint venture as defined under the Companies Act, 2013.
- (x) (a) The Company did not raise any money by way of initial public offer or further public offer including debt instruments during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year under review and hence reporting under clause (x)(b) of the Order is not applicable.
- (xi) (a) We have neither come across any instance of fraud by the Company or any fraud on the Company, noticed or reported during the year, nor have we been informed of any such instance by the management.
- (b) No report under section 143(12) of the Companies Act has been filed by Auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) There were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) All transactions entered into by the Company with the related parties are in compliance with Sections 177 and 188 of Act, where applicable and the details have been disclosed in the Standalone financial statements etc., as required by the applicable accounting standards.
- (xiv) (a) The Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.

- (xv) The Company has not entered into any non-cash transactions with directors or persons connected with him during the year.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a) and (b) of the Order is not applicable.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, reporting under clause 3(xvi)(c) of the Order is not applicable.
- (d) According to the information and explanation given to us, there is no Core Investment Company (CIC) within the Group. Accordingly, the requirements of clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) There is no unspent amount under Section 135(5) of the Companies Act, 2013 pursuant to any project under CSR. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

**ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT****Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of **Precot Limited** on the Standalone Financial Statements for the year ended March 31, 2025]

We have audited the internal financial controls with reference to standalone financial statements of **Precot Limited** ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at March 31, 2025, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**Management's Responsibility for Internal Financial Controls**

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of

adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls with reference to standalone financial statements.

**Meaning of Internal Financial Controls with reference to Standalone Financial Statements**

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with

authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

**Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH 2025**

---

**Note 1**
**a. Corporate Information:**

Precot Limited has been in the textile industry since 1962 and is engaged in manufacturing of yarn and technical textile product. It started its first production in 1964 with an initial capacity of 12,096 spindles at Kanjikode, Kerala. At present it has units in the four southern states of India viz., Tamil Nadu, Kerala, Karnataka and discontinued unit in Andhra Pradesh which was in operation upto Feb 2025 with a total spinning capacity of 1,62,720 spindles. In 2013, the company has set up a Greenfield technical textile at Hassan in the State of Karnataka. The Equity shares are listed on the National Stock Exchange of India Limited.

**b. Summary of material accounting policies:**
**i. General Information and Statement of Compliance**

These Standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

The Standalone financial statements were authorized and approved for issue by the Board of Directors on 23<sup>rd</sup> May 2025.

**II. Basis of Preparation and Presentation**

The Standalone financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. The presentation of financial statement is based on Ind AS Schedule III of the Companies Act, 2013. The Standalone financial statements are presented in Indian Rupee (₹) which is also the functional and presentation currency of the Company.

The Financial Statements have been prepared & presented on the historical convention and on accrual basis, except for the following material items in the Balance Sheet:

- Certain financial assets and liabilities are measured at fair value;
- Derivative instruments are measured at their fair values;
- Employee defined benefit assets/ liabilities are recognised as the net total of fair value of plan assets, adjusted for actuarial gains/losses and the present value of defined benefit obligations;
- Long term borrowings are measured at amortised cost using the effective interest rate method;
- Assets held for sale are measured at fair value less cost to sell;
- Right-of-use of Assets are recognised at the present value of

lease payments that are not paid as on that date. This amount is adjusted for any lease payments made at or before the commencement of the lease and initial direct cost incurred, if any.

**III. Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, goods and services taxes plus amount collected on behalf of third parties.

**Revenue from contracts with customers** is recognized when control of the goods and services are transferred to the customer at an amount that reflects the consideration which the company expects to be entitled in exchange for those goods or services.

Revenue from sale of goods is recognized at the point of time when the control of the goods is transferred to the customer.

The company considers any other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining transaction price for the goods, the company consider the effect of variable consideration, the existence significant financing components, non-cash consideration and consideration payable to the customer, if any.

Revenue is recognised when the performance obligation is satisfied either over time or at a point of time. The Indian accounting standards read with international terms and conditions is being appropriately factored in recognising revenue.

**Other Operating Revenues** comprise of income from ancillary activities incidental to the operations of the Company and is recognised when the right to receive the income is established as per the terms of the contract.

**Dividend income** from investments is recognised when the Company's right to receive payment has been established.

**Interest Income** from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset or shorter period, where appropriate to the gross carrying amount of the financial asset or to the amortized cost of a financial asset.

When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss. The expected cash flows are reassessed on a yearly basis

and changes, if any, are accounted prospectively.

#### IV. Property, Plant and Equipment

Property, Plant and Equipment (PPE), being fixed assets are tangible items that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used for more than a period of twelve months.

Items of PPE are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Financing costs (if any) relating to acquisition of assets which take substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use.

Initial Cost of an item of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its location and working condition necessary for it to be capable of operating in the manner intended by the Management and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Items such as spare parts, stand-by equipment and servicing equipment are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

**Subsequent costs and disposal:** Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life.

All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts re charged to the statement of profit and loss for the period during which such expenses are incurred.

**Derecognition:** The carrying amount of an item of PPE is derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Gains or losses arising from derecognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss when the asset is derecognized.

#### V. Investment Property

Investment Property is a land or building, held to earn rentals or for capital appreciation or both, rather than for use in the

production or supply of goods or services or for administrative purposes; or sale in the ordinary course of business.

Investment properties, are measured at cost less accumulated depreciation and accumulated impairment loss, if any. The building components of Investment properties (if any) are depreciated using the straight-line method over their estimated useful lives.

**Capital-work-in-progress:** Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

**Depreciation:** Depreciation on PPE is provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013, except for plant & equipments where the useful life is estimated to be 20 years (10 years based on triple shift basis), based on technical evaluation.

The Management believes that the estimated useful lives as per the provisions of Schedule II to the Companies Act, 2013, wherever adopted, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged prospectively to reflect the changed pattern.

Class of Assets	Useful Lives
Factory Buildings	30 Years
Non- Factory Buildings	60 Years
Improvements to Lease hold Buildings	Term of Lease or estimated useful life whichever is earlier
Plant and Equipment	10 Years (on triple shift basis)
Solar Power Plant	22 Years
Vehicles – Two wheeler	10 Years
Vehicles – Four wheeler	8 years
Furniture and Fixtures	10 Years
Office equipments	5 years
Computers	3 years

The Company has used the following useful lives to provide depreciation on its Property, Plant and Equipment:

### VI. Impairment of Non Financial assets:

The Company periodically assesses whether there is any indication that an asset or a group of assets comprising a cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset or group of assets that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the amount of asset does not exceed the net book value that would have been determined if no impairment loss had been recognized.

### VII. Borrowings:

Borrowing cost includes interest expense as per Effective Interest Rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### VIII. Inventories:

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Cost of finished goods and work in progress include cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

Costs of inventories are determined on weighted average

basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

The Net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw Material, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on item-by-item basis.

Stores & Spares which do not meet the definition of PPE are accounted as inventories.

### IX. Employee Benefits

#### Retirement benefit costs and termination benefits:

i. **Defined Contribution Plan:** A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund and Employee State Insurance. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

ii. **Defined Benefit Plan:** The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- b. net interest expense or income; and
- c. re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognised in the statement of financial position represents the actual deficit or surplus in the Company's defined benefit plans. The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary and also considering whether the Company will contribute this amount to the gratuity fund within the next twelve months.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

### Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

### X. Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but

probably will not, require an outflow of resources. When there is a possible obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

### XI. Non-current assets held for sale

Non-current assets are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Non-current assets classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

### XII. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

#### A. Financial Assets:

(i) **Recognition and initial Measurement:** The Company initially recognises loans and advances, deposits, debt securities issues and subordinated liabilities on the date on which they originate. All other financial instruments (including regular way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument. A financial asset or liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. However, trade receivables that do not contain significant financing components are measured at transaction cost.

(ii) **Classification of financial assets:** On initial recognition, a financial asset is classified to be measured at amortised cost, fair value through other comprehensive income (FVTOCI) or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on

specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- i) The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

### Equity investments (other than investments in subsidiaries and joint ventures):

All equity investments within the scope of Ind AS 109, 'Financial Instruments' are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL. In addition, on initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of

each reporting period, with any gains and losses arising on remeasurement recognized in statement of profit or loss. The net gain or loss recognized in statement of profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other income' line item. Dividend on financial assets at FVTPL is recognized when:

- a. The Company's right to receive the dividends is established,
- b. It is probable that the economic benefits associated with the dividends will flow to the entity,

The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

iii) **Impairment:** The Company assesses at each reporting date whether a financial asset (or a group of financial assets) is impaired based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

### B. Financial liabilities and equity instruments

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

#### (i) Recognition and initial Measurement:

A financial liability is classified as held for trading if:

- i) It has been incurred principally for the purpose of repurchasing it in the near term; or
- ii) on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- iii) it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- i) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

- ii) the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- iii) it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item in the Statement of Profit and Loss. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

#### a. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

#### b. Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period.

For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after

12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

#### c. Other financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

**Other financial liabilities:** Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

- (iii) **Derecognition of financial liabilities:** The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

#### Significant accounting judgements, estimates and assumptions:

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period.

The following are the areas of estimation uncertainty and critical judgments that the management has made in the process of applying the Company's accounting policies:

- i. **Useful Lives of Property, Plant and Equipment:** Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the Management.
- ii. **Impairment:** Determining whether the assets are impaired requires an estimate in the value in use of the assets. The value in use calculation requires the Management to estimate the future cash flows expected to arise from the asset and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.
- iii. **Provisions and Contingencies:** Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.
- iv. **Taxes:** Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- v. **Defined Benefit Obligation:** The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 35, 'Employee benefits'.
- vi. **Inventories:** An inventory provision is recognised for cases where the realisable value is estimated to be lower than the inventory carrying value. The inventory provision is estimated taking into account various factors, including prevailing sales prices of inventory item and losses associated with obsolete / slow-moving / redundant inventory items. The Company has, based on these assessments, made adequate provision in the books.
- vii. **Leases :** Significant judgments are required in the assumption and estimates in order to determine the ROU Asset and lease liability. The assumption and estimates include application of practical expedients, selection of accounting policy choices, assessment of lease terms, applicable incremental borrowing rate, among others.

**40. Employee Benefit Plans**
**(a) Defined contribution plans - Provident Fund**

In accordance with The Employees Provident Funds Act, 1952 employees are entitled to receive benefits under the provident fund. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (12% for fiscal year 2025 and 2024) of an employee's basic salary. All employees have an option to make additional voluntary contributions. These contributions are made to the fund administered and managed by the Government of India (GOI). The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

The expense recognised during the period towards this defined contribution plan is ₹ 380.83 Lakhs (March 31, 2024 - ₹ 337.99 Lakhs).

**(b) Defined contribution plans - Employee State Insurance**

In accordance with Employees' State Insurance Act, 1948, the eligible employees are entitled to receive benefits under the ESI Scheme. The employer contributes 3.25 percent and employee contributes 0.75 percent, total share 4 percent. This fund is managed by the ESI Corporation (ESIC) according to rules and regulations stipulated there in the ESI Act 1948, which oversees the provision of medical and cash benefits to the employees and their family.

The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

The expense recognised during the period towards this defined contribution plan is ₹ 63.44 Lakhs (March 31, 2024 - ₹ 60.55 Lakhs).

**(c) Defined Benefit Plans - Gratuity**

The company has defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered fund. It is governed by the Payment of Gratuity Act, 1972. The plan provides for a lump-sum payment to vested employees at retirement, death, while in employment or on termination of employment of an amount equivalent to 26 days salary payable for each completed year of service. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets including investment of the funds in accordance with the norms prescribed by the Government of India.

Each year, the Board of Trustees and the Company review the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Company decides its contribution based on the results of this annual review.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at 31 March 2025 by Mr. Srinivasan Nagasubramanian, Armstrong International Employee Benefits Solution, Fellow of the Institute of Actuaries of India. Company's liability towards gratuity (funded) is actuarially determined at each reporting date using the projected unit credit method.

**(i) Risk Exposure:**

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

**Investment risk** The present value of the defined benefit plan liability is calculated by

As such, an increase in the salary of the plan participants will increase the plan's liability.		mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
<b>Interest risk</b>	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.	<b>Salary risk</b>	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The management assessed that the fair value of cash and cash equivalents, trade receivables, loans, other financial assets, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Investments in subsidiaries are carried at cost.

Investments in unquoted equity shares are carried at FVTOCI.

Investments through Portfolio Management scheme is carried at FVTPL.

## 42. FAIR VALUE MEASUREMENT

### (a) Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs)

### (b) Level wise disclosure of financial instruments:

The Company has not disclosed the fair values for short term / current financial instruments (such as short term trade receivables, short term trade payables, Current Loans and Short term borrowings etc.,) because their carrying amounts are a reasonable approximation of Fair value.

**(c) Measurement of fair values:**

The basis of measurement in respect of each class of financial assets and liabilities are disclosed in significant accounting policies.

**43. CAPITAL MANAGEMENT:**

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term / long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate.

The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and elongate the maturity of its debt portfolio, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, Bank balances other than cash and cash equivalents and current investments.

**The following table summarizes the capital of the company**

**44. FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES**

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

In line with the overall risk management framework and policies, the treasury function provides services to the business, monitors and manages through an analysis of the exposures by degree and magnitude of risks.

The Company uses derivative financial instruments to hedge risk exposures in accordance with the Company's policies as approved by the board of directors.

**1) Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

**a) Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

₹ Lakhs

Particulars	As at 31 <sup>st</sup> March 2025	As at 31 <sup>st</sup> March 2024
Fixed rate borrowings	239.34	6,050.20
Floating rate borrowings	32,332.44	30,835.26
<b>Total borrowings</b>	<b>32,571.78</b>	<b>36,885.46</b>
Total Net borrowings	32,571.78	36,885.46
Add: Upfront fees	81.65	70.40
<b>Total borrowings</b>	<b>32,653.43</b>	<b>36,955.85</b>

The sensitivity analyses below have been determined based on the exposure to interest rates for floating rate liabilities, assuming the amount of the liability outstanding at the year-end was outstanding for the whole year.

If interest rates had been 100 basis points higher / lower and all other variables were held constant, the Company's profit/ (loss) for the year ended 31 March 2025 would decrease / increase by ₹ 326.53 Lakhs (for the year ended 31 March 2024 : decrease / increase by ₹ 369.69 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

**b) Foreign Currency Risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company enters into forward exchange contracts with average maturity of less than 6 month to hedge against its foreign currency exposures relating to the recognised underlying liabilities and firm commitments. The Company's policy is to hedge its exposures above predefined thresholds from recognised liabilities and firm commitments that fall due in 20-30 days. The Company does not enter into any derivative instruments for trading or speculative purposes.

At the time of borrowing decisions, appropriate sensitivity analysis is carried out for domestic borrowings vis-à-vis overseas borrowings.

The carrying amounts of the Company's Unhedged monetary assets and monetary liabilities at the end of the reporting period are as follows:

The below table demonstrates the sensitivity to a 5% increase or decrease in the respective currency against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate. A positive number below indicates an increase in profit or equity where INR strengthens 5% against the relevant currency. For a 5% weakening of INR against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

	2	Sell	5.00	417.05

### c) Commodity Price Risk

The Company's revenue is exposed to the market risk of price fluctuations related to its raw material i.e., Cotton. Market forces generally determine prices for the cotton procured by the Company. These prices may be influenced by factors such as supply and demand, production costs (including the costs of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may increase the Cost of Production that the Company incurs for manufacture of Yarn.

The following table details the Company's sensitivity to a 5% movement in the input price of Cotton. The sensitivity analysis includes only 5% change in commodity prices for quantity consumed during the year, with all other variables held constant. A positive number below indicates an increase in profit where the commodity prices reduces by 5%. For a 5% increase in commodity prices, there would be a comparable impact on profit, and the balances below would be negative.

₹ Lakhs

Commodity	Increase		Decrease	
	2024-25	2023-24	2024-25	2023-24
Cotton	(2,401.08)	(2,838.29)	2,401.08	2838.29

## 2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables. To manage the credit risk, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivables. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The company considers reasonable and supportive forward-looking information.

The average credit period on sales of products is 21 to 60 days. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified. The concentration of credit risk is limited due to the fact that the customer base is large.

## 3) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group's treasury department is responsible for maintenance of liquidity (including quasi liquidity), continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management. Management monitors the Group's net liquidity position on the basis of expected cash flows vis a vis debt service fulfillment obligation.

The table below analysis derivative and non-derivative financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

**INDEPENDENT AUDITOR'S REPORT**
**To the Members of Precot Limited**
**Report on the audit of the Consolidated Financial Statements**
**Opinion**

We have audited the accompanying consolidated financial statements of Precot Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), of the consolidated state of affairs of the Group as at March 31, 2025, their

consolidated profit (including other comprehensive income), their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b><u>Accounting and Disclosure of Discontinued Operations – Closure of Hindupur Spinning Unit</u></b></p> <p>During the year, the Board of Directors at their meeting held on 27<sup>th</sup> February, 2025 have decided to close the operations of the Company's Spinning unit located at Hindupur, Andhra Pradesh, in view of continued operating losses and lack of foreseeable improvement. Accordingly, the results of the unit have been disclosed as discontinued operations in the standalone and consolidated financial statements for the year ended 31<sup>st</sup> March 2025, with the corresponding prior period figures being restated. The related assets and liabilities as at 31<sup>st</sup> March 2025 have been reclassified as non-current assets and liabilities pertaining to a disposal group in line with the requirements of Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations. Comparative figures for these classifications have not been restated.</p> <p>In connection with the closure, the Company has recognized a provision of ₹1,100 lakhs towards employee settlement costs.</p> <p>We have considered this to be a key audit matter due to the judgment required in determining the classification and measurement of discontinued operations and the presentation and disclosure requirements and due to the quantum of provision made towards the labour settlement.</p>	<ul style="list-style-type: none"> <li>• Our audit procedures included the following:-</li> <li>• Evaluated the Company's assessment of the classification of the Hindupur unit as a discontinued operation.</li> <li>• Assessed the methodology and underlying assumptions used by management in estimating the provision for employee settlements and tested the accuracy and completeness of the calculation.</li> <li>• Tested the identification and segregation of the results, assets and liabilities relating to the discontinued operations.</li> <li>• Reviewed the re-presentation and restatement of prior period figures and assessed the adequacy of the related disclosures in the standalone financial statements.</li> </ul>

**Information other than the Consolidated Financial Statements and Auditor's Report thereon**

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

The other information is expected to be made available to us after the date of this report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, as stated above, which is expected to be received after the date of our audit report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under applicable laws and regulations.

**Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies

(Indian Accounting Standards) Rules, 2015, as amended. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Management and Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

**Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the

disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. (A) As required by Section 143(3) of the Act, we report, to the extent applicable, that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

**ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT****Report on the Internal Financial Controls with reference to the Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

[Referred to under 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report of even date to the members of **Precot Limited** on the Consolidated Financial Statements for the year ended March 31, 2025]

In conjunction with our audit of the consolidated financial statements of **Precot Limited** (hereinafter referred to as "the Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Group, which are entities incorporated in India, as of that date.

**Opinion**

In our opinion, the Group, which are entities incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2025, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**Management's Responsibility for Internal Financial Controls**

The Holding Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective entities' policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

**Meaning of Internal Financial Controls with reference to Consolidated Financial Statements**

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted

accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Date: 23-May-2025

**Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements**

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2025**
**Note 1**
**a. Corporate Information:**

Precot Limited has been in the textile industry since 1962 and is engaged in manufacturing of yarn and technical textile product. It started its first production in 1964 with an initial capacity of 12,096 spindles at Kanjikode, Kerala. At present it has units in the four southern states of India viz., Tamil Nadu, Kerala, Karnataka and discontinued unit in Andhra Pradesh which was in operation upto Feb 2025 with a total spinning capacity of 1,62,720 spindles. In 2013, the company has set up a Greenfield technical textile at Hassan in the State of Karnataka. The Equity shares are listed on the National Stock Exchange of India Limited.

**b. Summary of material accounting policies:**
**I. General Information and Statement of Compliance**

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

The consolidated financial statements were authorized and approved for issue by the Board of Directors on 23<sup>rd</sup> May, 2025.

**II. Basis of Preparation and Presentation**

The consolidated financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. The presentation of financial statement is based on Ind AS Schedule III of the Companies Act, 2013. The Consolidated financial statements are presented in Indian Rupee (₹) which is also the functional and presentation currency of the Company.

The consolidated Financial Statements have been prepared & presented on the historical convention and on accrual basis, except for the following material items in the Balance Sheet:

- Certain financial assets and liabilities are measured at fair value;
- Derivative instruments are measured at their fair values;
- Employee defined benefit assets/ liabilities are recognised as the net total of fair value of plan assets, adjusted for actuarial gains/losses and the present value of defined benefit obligations;

- Long term borrowings are measured at amortised cost using the effective interest rate method;
- Assets held for sale are measured at fair value less cost to sell;
- Right-of-use of Assets are recognised at the present value of lease payments that are not paid as on that date. This amount is adjusted for any lease payments made at or before the commencement of the lease and initial direct cost incurred, if any.

**III. Principles of Consolidation**

The Consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31<sup>st</sup> March 2025. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has:

- power over the investee
- is exposed to, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual agreement with the other vote holders of the investee
- right arising from other contractual agreement
- the company's voting rights and potential voting rights

The company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Consolidation of a subsidiary begins when the company obtains control over the Subsidiary and ceases when the company loses control over the Subsidiary. Assets, liabilities, Income and Expenditure of a Subsidiary acquired or disposed of during the year are included in Consolidated Financial Statements from the date the Groups gains control until the date the Company ceases to control the subsidiary.

Profit or Loss and each component of Other Comprehensive Income (OCI) are attributed to the Equity holders of the Parent of the Group and to the non-controlling interest, even if this results in non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in

line with the Group's Accounting Policies. All intra-group assets and liabilities, Equity, Income, Expenses and Cash Flow relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it

- derecognizes the assets (including Goodwill) and liability of the subsidiary;
- derecognizes the carrying amount of any non-controlling interest;
- derecognizes the cumulative translation difference recorded in equity
- recognizes the fair value of the consideration received
- recognizes the fair value of any investments retained
- recognizes any surplus or deficit in Profit or Loss
- reclassifies the Parent's share of components previously recognized in OCI to Profit or Loss or Retained earnings, as appropriate, as would be required if the Group has directly disposed of the related Assets or Liabilities.

#### IV. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, goods and services taxes plus amount collected on behalf of third parties.

*Revenue from contracts with customers* is recognized when control of the goods and services are transferred to the customer at an amount that reflects the consideration which the company expects to be entitled in exchange for those goods or services.

Revenue from sale of goods is recognized at the point of time when the control of the goods is transferred to the customer.

The company considers any other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining transaction price for the goods, the company consider the effect of variable consideration, the existence significant financing components, non-cash consideration and consideration payable to the customer, if any.

Revenue is recognised when the performance obligation is satisfied either over time or at a point of time. The Indian accounting standards read with international terms and conditions is being appropriately factored in recognising revenue.

*Other Operating Revenues* comprise of income from ancillary activities incidental to the operations of the Company and is recognised when the right to receive the income is established as per the terms of the contract.

*Dividend income* from investments is recognised when the Company's right to receive payment has been established.

*Interest Income* from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset or shorter period, where appropriate to the gross carrying amount of the financial asset or to the amortized cost of a financial asset.

When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss. The expected cash flows are reassessed on a yearly basis and changes, if any, are accounted prospectively.

#### V. Property, Plant and Equipment

Property, Plant and Equipment (PPE), being fixed assets are tangible items that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used for more than a period of twelve months.

Items of PPE are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Financing costs (if any) relating to acquisition of assets which take substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use.

Initial Cost of an item of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its location and working condition necessary for it to be capable of operating in the manner intended by the Management and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Items such as spare parts, stand-by equipment and servicing equipment are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

**Subsequent costs and disposal:** Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life.

All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts re charged to the statement of profit and loss for the period during which such expenses are incurred.

**Derecognition:** The carrying amount of an item of PPE is derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Gains or losses arising from derecognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss when the asset is derecognized.

**Capital-work-in-progress:** Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs (net of income) associated with the commissioning of an asset are capitalised until the period of commissioning has been completed and the asset is ready for its intended use.

**Depreciation:** Depreciation on PPE is provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013, except for plant & equipments where the useful life is estimated to be 20 years (10 years based on triple shift basis), based on technical evaluation.

The Management believes that the estimated useful lives as per the provisions of Schedule II to the Companies Act, 2013, wherever adopted, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged prospectively to reflect the changed pattern.

The Company has used the following useful lives to provide depreciation on its Property, Plant and Equipment:

Class of Assets	Useful Lives
Factory Buildings	30 Years
Non- Factory Buildings	60 Years
Improvements to Leasehold Buildings	Term of Lease or estimate useful life which ever is earlier
Plant and Equipments	10 Years (on triple shift basis)
Solar Power Plant	22 Years
Vehicles - Two wheeler	10 Years
Vehicles - Four wheeler	8 years
Furniture and Fixtures	10 Years
Office equipments	5 years
Computer	3 Years

## VI. Investment Property

Investment Property is a land or building, held to earn rentals or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of business.

Investment properties, are measured at cost less accumulated depreciation and accumulated impairment loss, if any. The building components of Investment properties (if any) are depreciated using the straight-line method over their estimated useful lives.

## VII. Impairment of Non Financial assets:

The Company periodically assesses whether there is any indication that an asset or a group of assets comprising a cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset or group of assets that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the amount of asset does not exceed the net book value that would have been determined if no impairment loss had been recognized.

## VIII. Borrowings:

Borrowing cost includes interest expense as per Effective Interest Rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are

assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### IX. Inventories:

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Cost of finished goods and work in progress include cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

The Net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw Material, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on item-by-item basis.

Stores & Spares which do not meet the definition of PPE are accounted as inventories.

### X. Employee Benefits

#### Retirement benefit costs and termination benefits:

- i. **Defined Contribution Plan:** A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund and Employee State Insurance. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.
- ii. **Defined Benefit Plan:** The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the

asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- b. net interest expense or income; and
- c. re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognised in the statement of financial position represents the actual deficit or surplus in the Company's defined benefit plans. The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary and also considering whether the Company will contribute this amount to the gratuity fund within the next twelve months.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

#### Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

### XI. Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

### XII. Non-current assets held for sale

Non-current assets are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Non-current assets classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

### XIII. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

#### A. Financial Assets:

- (i) **Recognition and initial Measurement:** The Company initially recognises loans and advances, deposits, debt securities issues and subordinated liabilities on the date on which they originate. All other financial instruments (including regular way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument. A financial asset or liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. However, trade receivables that do not contain significant financing components are measured at transaction cost.

- (ii) **Classification of financial assets:** On initial recognition, a financial asset is classified to be measured at amortised cost, fair value through other comprehensive income (FVTOCI) or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- i) The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### Equity investments (other than investments in subsidiaries and joint ventures):

All equity investments within the scope of Ind AS 109, 'Financial Instruments' are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL. In addition, on initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains and losses arising on remeasurement recognized in statement of profit or loss. The net gain or loss recognized in statement of profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other income' line item. Dividend on financial assets at FVTPL is recognized when:

- a. The Company's right to receive the dividends is established,
- b. It is probable that the economic benefits associated with the dividends will flow to the entity,

The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

- iii) **Impairment:** The Company assesses at each reporting date whether a financial asset (or a group of financial assets) is impaired based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

### B. Financial liabilities and equity instruments

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

#### (i) Recognition and initial Measurement:

A financial liability is classified as held for trading if:

- i) It has been incurred principally for the purpose of repurchasing it in the near term; or
- ii) on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- iii) it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- i) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- ii) the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- iii) it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item in the Statement of Profit and Loss. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

#### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

##### a. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

##### b. Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period.

For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

**c. Other financial liabilities at fair value through profit or loss:**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

**Other financial liabilities:** Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

**(iii) Derecognition of financial liabilities:** The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

**Significant accounting judgements, estimates and assumptions:**

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period.

The following are the areas of estimation uncertainty and critical judgments that the management has made in the process of applying the Company's accounting policies:

**i. Useful Lives of Property, Plant and Equipment:**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the Management.

**ii. Impairment:** Determining whether the assets are impaired requires an estimate in the value in use of the assets. The value in use calculation requires the Management to estimate the future cash flows expected to arise from the asset and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.

**iii. Provisions and Contingencies:** Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

**iv. Taxes:** Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

**v. Defined Benefit Obligation:** The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 35, 'Employee benefits'.

**vi. Inventories:** An inventory provision is recognised for cases where the realisable value is estimated to be lower than the inventory carrying value. The inventory provision is estimated taking into account various factors, including prevailing sales prices of inventory item and losses associated with obsolete / slow-moving / redundant inventory items. The Company has, based on these assessments, made adequate provision in the books

**vii. Leases :** Significant judgments are required in the assumption and estimates in order to determine the ROU Asset and lease liability. The assumption and estimates include application of practical expedients, selection of accounting policy choices, assessment of lease terms, applicable incremental borrowing rate, among others.

**40. Employee Benefit Plans**
**(a) Defined contribution plans - Provident Fund**

In accordance with The Employees Provident Funds Act, 1952 employees are entitled to receive benefits under the provident fund. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (12% for fiscal year 2025 and 2024) of an employee's basic salary. All employees have an option to make additional voluntary contributions. These contributions are made to the fund administered and managed by the Government of India (GOI). The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

The expense recognised during the period towards this defined contribution plan is ₹ 380.83 Lakhs (March 31, 2024 - ₹ 337.99 Lakhs).

**(b) Defined contribution plans - Employee State Insurance**

In accordance with Employees' State Insurance Act, 1948, the eligible employees are entitled to receive benefits under the ESI Scheme. The employer contributes 3.25 percent and employee contributes 0.75 percent, total share 4 percent. This fund is managed by the ESI Corporation (ESIC) according to rules and regulations stipulated there in the ESI Act 1948, which oversees the provision of medical and cash benefits to the employees and their family.

The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

The expense recognised during the period towards this defined contribution plan is ₹ 63.44 Lakhs (March 31, 2024 - ₹ 60.55 Lakhs).

**(c) Defined Benefit Plans - Gratuity**

The company has defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered fund. It is governed by the Payment of Gratuity Act, 1972. The plan provides for a lump-sum payment to vested employees at retirement, death, while in employment or on termination of employment of an amount equivalent to 26 days salary payable for each completed year of service. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets including investment of the funds in accordance with the norms prescribed by the Government of India.

Each year, the Board of Trustees and the Company review the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Company decides its contribution based on the results of this annual review.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at 31 March 2025 by Mr. Srinivasan Nagasubramanian, Armstrong International Employee Benefits Solution, Fellow of the Institute of Actuaries of India. Company's liability towards gratuity (funded) is actuarially determined at each reporting date using the projected unit credit method.

**(i) Risk Exposure:**

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

**Investment risk** The present value of the defined benefit plan liability is calculated by reference to the future salaries of the

	plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.		plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
<b>Interest risk</b>	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.	<b>Salary risk</b>	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
<b>Longevity risk</b>	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of

The management assessed that the fair value of cash and cash equivalents, trade receivables, loans, other financial assets, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Investments in subsidiaries are carried at cost.

Investments in unquoted equity shares are carried at FVTOCI.

Investments through Portfolio Management scheme is carried at FVTPL.

## 42. FAIR VALUE MEASUREMENT

### (a) Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs)

### (b) Level wise disclosure of financial instruments:

The Company has not disclosed the fair values for short term / current financial instruments (such as short term trade receivables, short term trade payables, Current Loans and Short term borrowings etc.,) because their carrying amounts are a reasonable approximation of Fair value.

**(c) Measurement of fair values:**

The basis of measurement in respect of each class of financial assets and liabilities are disclosed in significant accounting policies.

**43. CAPITAL MANAGEMENT:**

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term / long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate.

The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and elongate the maturity of its debt portfolio, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, Bank balances other than cash and cash equivalents and current investments.

**The following table summarizes the capital of the company**

**44. FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES**

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

In line with the overall risk management framework and policies, the treasury function provides services to the business, monitors and manages through an analysis of the exposures by degree and magnitude of risks.

The Company uses derivative financial instruments to hedge risk exposures in accordance with the Company's policies as approved by the board of directors.

**1) Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

**a) Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

₹ Lakhs

Particulars	As at 31 <sup>st</sup> March 2025	As at 31 <sup>st</sup> March 2024
Fixed rate borrowings	239.34	6,050.20

Add: Upfront fees	81.65	70.40
<b>Total borrowings</b>	<b>32,653.43</b>	<b>36,955.85</b>

The sensitivity analyses below have been determined based on the exposure to interest rates for floating rate liabilities, assuming the amount of the liability outstanding at the year-end was outstanding for the whole year.

If interest rates had been 100 basis points higher / lower and all other variables were held constant, the Company's profit/ (loss) for the year ended 31 March 2025 would decrease / increase by ₹ 326.53 Lakhs (for the year ended 31 March 2024 : decrease / increase by ₹ 369.69 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

**b) Foreign Currency Risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company enters into forward exchange contracts with average maturity of less than 6 month to hedge against its foreign currency exposures relating to the recognised underlying liabilities and firm commitments. The Company's policy is to hedge its exposures above predefined thresholds from recognised liabilities and firm commitments that fall due in 20-30 days. The Company does not enter into any derivative instruments for trading or speculative purposes.

At the time of borrowing decisions, appropriate sensitivity analysis is carried out for domestic borrowings vis-à-vis overseas borrowings.

The carrying amounts of the Company's Unhedged monetary assets and monetary liabilities at the end of the reporting period are as follows:

₹ Lakhs

Particulars	As at 31 <sup>st</sup> March 2025			As at 31 <sup>st</sup> March 2024

The below table demonstrates the sensitivity to a 5% increase or decrease in the respective currency against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate. A positive number below indicates an increase in profit or equity where INR strengthens 5% against the relevant currency. For a 5% weakening of INR against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

31-Mar-25	10	Buy	(43.80)	(3,743.46)
31-Mar-24	1	Buy	(25.05)	(2,089.15)
	2	Sell	5.00	417.05

### c) Commodity Price Risk

The Company's revenue is exposed to the market risk of price fluctuations related to its raw material i.e., Cotton. Market forces generally determine prices for the cotton procured by the Company. These prices may be influenced by factors such as supply and demand, production costs (including the costs of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may increase the Cost of Production that the Company incurs for manufacture of Yarn.

The following table details the Company's sensitivity to a 5% movement in the input price of Cotton. The sensitivity analysis includes only 5% change in commodity prices for quantity consumed during the year, with all other variables held constant. A positive number below indicates an increase in profit where the commodity prices reduces by 5%. For a 5% increase in commodity prices, there would be a comparable impact on profit, and the balances below would be negative.

₹ Lakhs

Commodity	Increase		Decrease	
	2024-25	2023-24	2024-25	2023-24
Cotton	(2,401.08)	(2,838.29)	2,401.08	2,838.29

## 2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables. To manage the credit risk, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivables. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The company considers reasonable and supportive forward-looking information.

The average credit period on sales of products is 21 to 60 days. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified. The concentration of credit risk is limited due to the fact that the customer base is large.

### Information about major customers

- Outside India	1	786.02	6.73%	1	1,028.71	8.47%

## 3) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group's treasury department is responsible for maintenance of liquidity (including quasi liquidity), continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management. Management monitors the Group's net liquidity position on the basis of expected cash flows vis a vis debt service fulfillment obligation.

The table below analysis derivative and non-derivative financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.
